

Good and Faithful Servant Guidelines

- ✓ This is your project, not your parents'. Ask for help, suggestions, examples, manpower---but don't expect them to do it for you.
- ✓ Be sure that you choose a group to help that does not work in opposition to the teachings of the Catholic Church. The pastor gives final approval of all projects.
- ✓ You must keep an accounting of the money that comes in to your project and the money that goes out. Keep this accounting on the **Income Statement** and attach your receipts. But don't think it has to be complicated! If you can accomplish your project with only the initial \$10, that's perfect. We have to be responsible stewards of the money we are given and this accounting sheet helps us do that.
- ✓ You must also keep an accounting of the time you spend in preparation and execution of your work. Record it on the **Action Log**. This is giving time to God and his Kingdom---you'll be surprised how it adds up.
- ✓ You may not sell anything or solicit after the masses.
- ✓ It is preferred that your project takes 12-15 hours to plan and complete. Having a food drive in November helps someone in November but doesn't use your talents to their full extent. Instead, think: how can I extend this or adapt it?
- ✓ You may work in pairs but each student is responsible for their own poster, Income Statement, Action Log, etc. No more than 2 can work together.
- ✓ Many Catholic high schools have service components that you are expected to participate in. Check with the RE office to fulfill this Confirmation requirement in conjunction with your school.
